**Reducing Risk**

**Demonstrating Competence**

**Training Management**

## Refresher Training

The 2 Day EEHA Refresher training course is targeted towards individuals who have completed training in the installation, maintenance and design of electrical equipment for hazardous areas.

The course aims to provide enhanced revisions and review recent changes in Standards and Regulations and how they apply to hazardous areas.

MOXI recommends you undertake EEHA training at least every 3 years.

For further information or customised training, call MOXI on 1300 668 992
